Xain Muhammad Khan

FLUTTER DEVELOPER

Karachi, Sindh, Pakistan | +923352909044 | xain.k19@gmail.com | github.com/XainMuhammadKhan | linkedin.com/in/xain-muhammad-khan-8a746b319

Objective

Results-oriented Software Developer with a dual specialization in cross-platform mobile development (Flutter) and full-stack web engineering (React.js & Django). Proven ability to deliver end-to-end solutions, combining clean mobile UI/UX with robust backend architecture and RESTful APIs. Skilled in complex state management (GetX, BLoC, Provider, Riverpod) and creating scalable applications across mobile and web platform

Education

University of Karachi BS-Software Engineering (Expected 2026)

Experience

- Flutter Developer | Academic Projects | Remote | 2024 – Present

Developed 5+ fully functional mobile applications using Flutter and Dart. Implemented Firebase Authentication and Database for user management. Applied GetX and Provider for structured and reactive state management. Followed clean architecture and modular coding practices

Skills And Technical Summary

- Mobile Development: Flutter, Android Studio (cross-platform app development)
- State Management: Provider, Riverpod, GetX, BLoC, Stacked
- Backend & Services: Firebase Authentication, Firebase Storage, Realtime Database
- Languages & Frameworks: Dart, JavaScript, HTML, CSS
- UI/UX: Responsive layouts, custom animations, Illustrator, Photoshop
- Tools & Collaboration: Git, GitHub, version control, team-based workflows Soft Skills: Problem-solving, teamwork, adaptability

Projects

- Car Rental App UI (Rentis)
- Flashcard Quiz App (Quizzora) – A quiz-based app offering multiple choice questions with scoring, time limit, and category selection. Includes user-friendly UI and smooth animations.
- Fitness Tracking App (Fitjorn) – Tracks physical activity including steps, calories, and workouts. Implements charts and graphs for daily progress and goal setting.
- Covid-19 Tracker App (Flutter) – Shows live COVID-19 statistics globally and per country using external API integration. Includes graphs and search functionality.
- Realtime Weather App (Flutter) – Provides up-to-date weather forecast

Certifications

- Flutter Development
- HTML, CSS, JavaScript
- Graphic Design
